Re: Application for Change under Ground Water Certificate No. 909-A(B)

Dear Mr. Reid:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

According to your request, you need additional time to complete your project and put water to full beneficial use. This delay in development has been caused by the economic downturn, which has made development of the project and sales of the lots difficult. It appears you have made goals in completing your project and putting water to use. Your request is for a reasonable and short period of time. We will grant you an additional five years to put water to full beneficial use.

The new deadline to submit your *Proof of Appropriation of Water* is May 1, 2016.
